CONTRACTED FARMING

Our clients have the option of contracting our production. Therefore, they experience the advantages of being in the process of the production and have the best competitive pricing.

WHY ATRA

We harvest and carry the fresh tomatoes in small batches from the field to process so this allows us to have the best quality.

COMPETITIVE PRICES

Competitive quotes to meet changing market requirements.

COOPERATION

Customer satisfaction oriented, extensive domestic and international industry relationships.

INNOVATION

Innovation focused ensuring consistently improved operations.

ABOUT US

- ATRA Agricultural Products is established in 2010 to serve unique and high-quality products.
- We started with local products which raw materials are farmed where our company is based.
- The story behind our work is quite old. ATRA Agricultural products is owned by the third generation food processing family.
- Our entire staff love and feel passionate about products that we offer and all are dedicated to excellence when serving our customers.
- We have invested in our industry in 2015 by adding state of the art machinery and equipments to serve you the high-quality products and we eagerly seek for new developments in the industry.
